

Hangars

“From start to finish, all went well! Our Territory Manager was really easy to work with. The construction crew was awesome, friendly, efficient, and did a great job.”

- Sue Bjorklund, Waverly, MN

“RAM turned my life’s dream into a tangible reality! Thank you very much!”

- Chris Bruch, Arlington, MN

Hangars

RAM Buildings, Inc. provides a full range of cost-effective construction capabilities in both wood frame and steel frame solutions for all aircraft hangars and utility building projects.

We offer a complete **one-stop source** for all your building projects from start to finish, including General Contracting and Construction Management services. We streamline the construction process to provide you with a clear path to project completion and accountability (peace of mind) while maintaining tight control over project time and quality.

Experience the **RAM ADVANTAGE** and be confident you've made the right choice.
