Due to the unique texture these colors will not perfectly match and are not interchangeable with other similar colors. This is a unique appearance coating that needs to be seen and felt. Actual samples are available by request.

All Colors Meet or Exceed  
Steep Slope ENERGY STAR®  
Requirements  
\* Premium Color

Color selections are close representations but are limited by processing and viewing conditions. Actual samples are available upon request. For all specific warranty, application, installation, and technical information regarding these products contact your local sales representative.

## Enduring Finish

MS Colorfast45® paint finish system provides layer after layer of long lasting protection and is one of the premier metal building panel finishes available.

This means:

- 45 Year Finish Warranty
- Maximum Color Retention
- World-Class Protection

## Custom Made For You

Ram-Rib is available in lengths up to 45 feet and is cut to your building's exact specifications.

This means:

- Less jobsite labor
- Splices are eliminated
- Fast, easy installation

## Steel Strength

Ram-Rib utilizes high quality steel with key alloys. It's heat tempered to create high tensile steel hardened to withstand up to 80,000 pounds per square inch.

This means:

- Maintenance Freedom
- Fastener wear & tear eliminated
- A beautiful building – always!

## Watertight Design

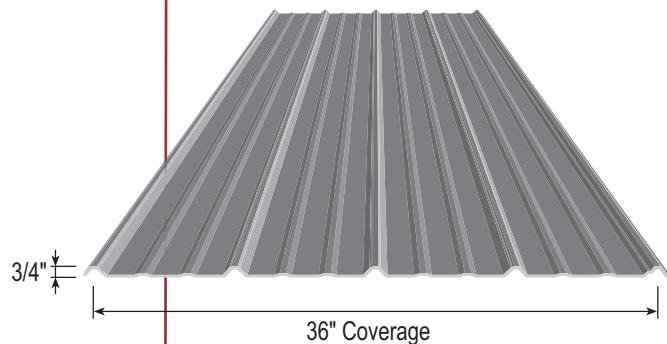

On the side of each panel, our unique siphon groove interlocks to form a weathertight seal and efficiently drain off water to the outside.

This means:

- A dry building interior
- Free-flow water runoff
- Wet weather peace of mind

## RAM-RIB PANEL

**Minimum Slope:** 3:12

**Substructure:** Installs over Open Framing or Solid Substrate

**Rib Height:** 3/4" bell top

**System:** Exposed direct-fasten, low profile panel for roof and wall applications

## MULTI-LAYER PROTECTION
